EXTRACT FROM THE ACT OF FEBRUARY 5, 1917

Sec. 1. . . . That the term "seaman" as used in this act shall include every person signed on the ship's articles and employed in any capacity on board any vessel arriving in the United States from any foreign port or place.

Sec. 10. (As amended by Sec. 27 of immigration act of 1924.) That it shall be the duty of every person, including owners, masters, officers, and agents of vessels of transportation lines, or international bridges or toll roads, other than railway lines which may enter into a contract as provided in section 23, bringing an alien to, or providing a means for an alien to come to, the United States, to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers. Any such person, owner, master, officer, or agent who fails to comply with the foregoing requirements shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine in each case of not less than \$200 nor more than \$1,000, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; or, if in the opinion of the Attorney General, it is impracticable or inconvenient to prosecute the person, owner, master, officer, or agent of any such vessel, such person, owner, master, officer, or agent shall be liable to a penalty of \$1,000, which shall be a lien upon the vessel whose owner, master, officer, or agent violates the provisions of this section, and such vessel shall be libeled therefor in the appropriate United States court.

(b) Proof that the alien failed to present himself at the time and place designated by the immigration officers shall be prima facie evidence that such alien has landed in the United States at a time or place other than as designated by the immigration officers.

Extract from Section 15

Sec. 15. That . . . immigration officials may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve vessels, the transportation lines, masters, agents, owners, or consignees of the vessel upon which said aliens are brought to any port of the United States from any of the obligations which, in case such aliens remain on board, would under the provisions of this act bind the said vessels, transportation lines, masters, agents, owners, or consignees. . . . Whenever a temporary removal of aliens is made the vessels of transportation lines which brought them and the masters, owners, agents, and consignees of the vessel upon which they arrive shall pay all expenses of such removal and all expenses arising during subsequent detention, pending decision on the aliens' eligibility to enter the United States and until they are either allowed to land or returned to the care of the line or to the vessel which brought them, such expenses to include those of maintenance, medical treatment in hospital or elsewhere, burial in the event of death, and transfer to the vessel in the event of deportation, excepting only where they arise under the terms of any of the provisions of section eighteen hereof. Any refusal or failure to comply with the provisions hereof shall be punished in the manner specified in section eighteen of this act.

EXTRACT FROM THE ACT OF DECEMBER 26, 1920

An Act to provide for the treatment in hospital of diseased alien seamen.

. . . . That alien seamen found on arrival in ports of the United States to be afflicted with any of the disabilities or diseases mentioned in section 25 of the act of February 5, 1917, . . . shall be placed in a hospital designated by the immigration official in charge at the port of arrival and treated, all expenses connected therewith, including burial in the event of death, to be borne by the owner, agent, consignee, or master of the vessel, and not to be deducted from the seamen's wages, and no such vessel shall be granted clearance until such expenses are paid or their payment appropriately guaranteed and the collector of customs so notified by the immigration official in charge: *Provided*, That alien seamen suspected of being afflicted with any such disability or disease may be removed from the vessel on which they arrive to an immigration station or other appropriate place for such observation as will enable the examining surgeons definitely to determine whether or not they are so afflicted, all expenses connected therewith to be borne in the manner hereinbefore prescribed. . . .

EXTRACT FROM THE ACT OF MAY 26, 1924

Sec. 3. When used in this act the term "immigrant" means any alien departing from any place outside the United States destined for the United States, except . . . (5) a bona fide alien seaman serving as such on a vessel arriving at a port of the United States and seeking to enter temporarily the United States solely in the pursuit of his calling as a seaman.

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General. . . .

* When delivery to the immigration station is directed, the aliens must be detained on board of the ship on which they arrived pending delivery to the immigration station. Such transfer must be made by the most direct and expeditious route with the least possible contact with the public, and at the expense and responsibility of the steamship company. Aliens who have been held for further medical examination in the belief that they are suffering from communicable diseases must be completely isolated from other passengers and from the public.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE

IMMIGRATION AND NATURALIZATION SERVICE

PHILADELPHIA 2, PA.

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

In order to carry out the provisions of section 35 of the Immigration Act of February 5, 1917, and the act of Congress of May 26, 1920, on the arrival of a ship bringing passengers from a foreign port to any port of the United States, the ship's surgeon shall also deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of those seamen who are afflicted with idiocy, imbecility, insanity, epilepsy, tuberculosis in any form, or a loathsome or dangerous contagious disease, and of those who died during the voyage.

Said report shall state in each instance the name of the passenger or seaman concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway or a seaman; the letter or number used to designate the sheet of the passenger manifest or crew list on which the said passenger's or seaman's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers or seamen.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

EARL G. HARRISON,
Commissioner.

DIREZIONI

Ai comandanti ed ufficiali medici di navi, ed altri interessati:

Basato sull'autorità della 13ma sezione dell'atto del Congresso del 5 febbraio 1917, si ordina con questo che all'arrivo di un bastimento che trasporta passeggeri da un porto estero a qualsiasi porto degli Stati Uniti, il medico di bordo dovrà presentare in persona all'ufficiale di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti, oppure al suo rappresentante autorizzato, un rapporto completo delle malattie (inclusendo manifestazioni d'epilessia, d'isterismo o d'insanità), ferite, nascite e morti che abbiano avuto luogo fra i passeggeri durante il viaggio.

Per effettuare le condizioni della 35ma sezione dell'atto d'Immigrazione del 5 febbraio 1917 e l'atto del Congresso del 26 maggio 1920, all'arrivo di un bastimento che trasporta passeggeri da un porto estero a qualsiasi porto degli Stati Uniti, il medico di bordo dovrà anche presentare in persona all'ufficiale di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti, oppure al suo rappresentante autorizzato, un rapporto completo di tutti quei membri dell'equipaggio che sono affetti da idiotismo, imbecillità, insanità, epilessia, tubercolosi di qualsiasi forma, oppure da malattia schifosa o pericolosa e contagiosa, e di coloro che son morti durante il viaggio.

Il menzionato rapporto dovrà dichiarare in ogni caso il nome del passeggero o del marinaio al quale si riferisce; se passeggero di prima classe, di seconda classe, di terza classe, o clandestino, o marinaio; la lettera o il numero usato per indicare il foglio del manifesto o dell'elenco dei membri d'equipaggio sul quale sarà trovato il nome del passeggero o del marinaio, e il numero che indica il posto del suo nome sul menzionato foglio; la natura della malattia o della ferita per la quale egli soffre o ha sofferto, e la sua condizione presente al tempo dell'arrivo (e. g., "meglio", "rimesso", "moribondo", "morto").

Sotto l'intestazione "Osservazioni" il medico di bordo dovrà fare delle notazioni come "può viaggiare", "accompagnato dalla famiglia", "rimosso a quarantena", "rimosso a quarantena colla famiglia", "nell'ospedale di bordo", o altre osservazioni che possano essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione degli Stati Uniti, per proteggere il benessere dei malati e per render conto dei passeggeri o marinai che mancano.

Le diagnosi e tutte le altre dichiarazioni che risultano nel menzionato rapporto debbono esser scritte leggibilmente, non necessariamente in inglese, se il medico di bordo sa meglio un'altra lingua. Il medico di bordo dovrà inoltre dichiarare sotto giuramento che, secondo quel che lui sa e crede, il suo rapporto, come è qui prescritto, comprende una dichiarazione vera e completa di tutte le malattie, ferite, nascite, morti che han avuto luogo durante il viaggio.

Gli ufficiali di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti nei vari porti hanno piena autorità di impedire lo sbarco dei passeggeri da un bastimento, sino a che il medico di bordo, o per lui, il comandante del bastimento, abbia presentato un rapporto medico, come sopra indicato.

An Schiffskapitane, Schiffsaerzte und andere betreffenden Personen:

Laut Beschluss des Paragraph 13 des Congress Gesetzes vom 5ten Februar, 1917, betrifft Ankunft der Schiffe in irgendeinen Hafen der Vereinigten Staaten welche Passagiere von einem fremdlaendischen Hafen bringen, wird die folgende Anordnung erlassen: Der Schiffsarzt muss einen vollstaendigen Bericht ueber alle Krankheitsfaelle (inclusive Epilepsie, Hysterische Anfaelle oder Geistesstoerung), Verletzungen, Geburten und Todesfaelle die waehrend der Reise unter den Passagieren vorkamen an den leitenden Beamten der Einwanderungs Behoerde oder an seinen offiziellen Stellvertreter personlich abgeben.

Zwecks der Ausfuehrung der Verordnungen des Paragraphs 35 des Einwanderungs Gesetzes vom 5ten Februar 1917 und des Kongress Gesetzes vom 26ten Mai, 1920, muss bei der Ankunft eines Schiffes welches Passagiere von einem fremdlaendischen Hafen zu irgendeinen Hafen der Vereinigten Staaten bringt, ein vollstaendiger Bericht von dem Schiffsarzt personlich an den leitenden Beamten der Einwanderungs Behoerde der Vereinigten Staaten oder an seinen offiziellen Stellvertreter abgegeben werden ueber die Seeleute die an Idiotie (Verstandesschwaeche), Schwachsinn, Geistesstoerung, Epilepsie, jedwede Form der Tuberkulose, an einer Ekel erregenden oder gefaehrlich ansteckenden Krankheit leiden und ueber denen die waehrend der Reisefahrt gestorben sind.

Der Bericht muss in jedem einzelnen Falle den Namen des betreffenden Passagiers oder Seemannes angeben; ob es ein Passagier erster Klasse, zweiter Klasse oder Zwischendeck Reisender ist, ob ein blinder Passagier oder ein Seemann; den Buchstaben oder die Nummer die den Bogen der Passagiers-Liste (Manifest) oder die Liste der Schiffsmannschaft bezeichnet in welcher der Name des betreffenden Passagiers oder Seemannes zu finden ist und die Nummer die den Platz seines Namens auf dem Namensverzeichnis bezeigt; die Natur der Krankheit oder der Verletzung an welcher er leidet oder gelitten hat und seinen tatsaechlichen Zustand zur Zeit seiner Aunkunft (z. B. "verbessert", "genesen", "sterbend", "tot").

In der Rubrik "Bemerkungen" hat der Schiffsarzt Anmerkungen einzutragen wie z. B. "Reisefahig", "Reist mit seiner Familie", "vom Schiff abgenommen bei der Quarantaene", "Im Schiffslazarett" oder andere Bemerkungen die den Einwanderungs Behoerden der Vereinigten Staaten behilflich sein koennen um die Wohlfahrt der kranken Personen zu schuetzen oder ueber vermisste Passagiere und Seeleute Rechenschaft ablegen koennen.

Diagnosen und alle anderen Darlegungen in diesen Bericht muessen in lesbarer Schrift eingetragen werden doch nicht notwendigerweise in der englischen Sprache falls der Schiffsarzt in einer anderen Sprache mehr bewandert ist. Ausserdem muss der Schiffsarzt eidlich erklaren, dass sein Bericht—dieser Vorschrift gemaess—laut seinem Wissen und nach seiner besten Ueberzeugung, eine wahre und vollstaendige Darlegung ueber alle Krankheitsfaelle, Verletzungen, Geburten und Todesfaelle die waehrend der Reise vorkamen enthaelt.

Die verantwortlichen Beamten der Einwanderungs Behoerden in den verschiedenen Haefen der Vereinigten Staaten haben volle Autoritaet die Landung eines Passagieres von einem Schiffe zu verhindern bis der Schiffsarzt oder—statt dessen—der Schiffskapitane einen aertzlichen Bericht ueberreicht wie oben angedeutet.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations. 16-54694-1

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT

ON

Diseases, Injuries, Births, and Deaths during
the voyage.

Diagnosen sowohl als andere in diesem Berichte niedergelegte Beobachtungen muessen leserlich geschrieben, aber nicht notwendiger Weise in der englischen Sprache abgefasst sein, besonders wenn der Arzt in einer anderen Sprache sich gewandter und deutlicher ausdruecken kann.

Der Schiffsarzt muss ferner unter Eid erklaren, dass der Bericht nach seinem besten Wissen und Gewissen eine wahrheitsgetreue, vollstaendige Darstellung giebt ueber alle Krankheiten, Unfaelle, Geburten, und Todesfaelle, welche waehrend der Reise zu verzeichnen waren.

Die leitenden Einwanderungs-und-Einbuergerungsbeamten in den verschiedenen Hafenplaetzen der Vereinigten Staaten haben volle Gewalt, das Landen der Passagiere zu verhindern bis der Schiffsarzt, oder an seiner Stelle der Schiffskapitaen, einen medizinischen Bericht abgeliefert hat, der den oben genannten Bestimmungen entspricht.

TRADUCTION DES INSTRUCTIONS

Aux commandants de navires, aux médecins du bord et à qui de droit:

Conformément à la section 13 de l'Acte du Congrès des États-Unis, du 5 février 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des États-Unis, le médecin du bord devra remettre, en personne, au préposé en chef d'Immigration et de Naturalization des États-Unis, ou à son représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hystérie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway); de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que: "amélioré", "rétabli", "mourant", "mort").

Sous le titre, "Remarks", le médecin du bord fera des observations, telles que: "en état de voyager", "accompagné de famille", "débarqué à la quarantaine", "débarqué à la quarantaine avec famille", "à l'hôpital (l'infirmière) du bord", ou autres remarques qui peuvent être d'utilité aux officiers d'Immigration et de Naturalization des États-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les préposés en chef d'Immigration et de Naturalization aux divers ports des États-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF LABOR
IMMIGRATION AND NATURALIZATION SERVICE
WASHINGTON

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

JAMES L. HOUGHTELING,
Commissioner of Immigration and Naturalization.

APPROVED:

FRANCES PERKINS,
Secretary of Labor.

TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 del febbraio, 1917, viene con questo mezzo decretato che, all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani dell' ufficiale-in-capo d'Immigrazione e Naturalizzazione (Commissioner of Immigration and Naturalization), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino; portare la lettera o il numero del foglio del manifesto sul quale è inserito il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato", "guarito", "moribondo", "morto."

Sotto la rubrica "Remarks", il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio", "accompagnato da famiglia", "sbarcato a quarantena", "sbarcato a quarantena con famiglia", "nell' ospedale a bordo", o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in inglese, se il medico di bordo conosce meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

Gli ufficiali-in-capo d'Immigrazione e Naturalizzazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

GUIDANCE ON COMPLETION OF QUESTIONS OVERLEAF.

QUESTION 3. Age. The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

QUESTION 5. Married or Single. The answer should be M, married, S, single. All persons presently married to a living spouse will be shown as "M"; all others will be shown as "S."

QUESTION 6. Particulars of Travel Documents. U.S. citizens should state the number of Passport, if any, and (in Question 8) place of birth, showing the State or Territory if born in the United States, or country if born outside the United States. A national of the United States is a person who, though not a citizen, owes permanent allegiance to the United States and persons in this category should indicate that they are U.S. Nationals by the letter "N."

Non-U.S. Citizens—Residents of the United States, should state:—

1. Red Number of Re-Entry Permit issued by the U.S. Immigration and Naturalisation Service prior to the passenger's departure from the United States
2. Returning U.S. residents not possessing Re-Entry Permits should show the Service Number (black) of the Foreign Service Form 256 (Non Quota Visa) issued by the U.S. Consul.

Non-Residents of the United States should state:—

The Service Number (black) of Foreign Service Form 256 (Quota or Non-Quota Visa) or Service Number (red) of the Foreign Service Form 257 issued by the U.S. Consul with Non-Immigrant Visa.

These documents are required to be surrendered by the passenger to the U.S. Immigration Inspector at port of arrival.

It is important that the date of issue of all the above documents is shown.

Passports of temporary visitors to U.S.A. must be valid for at least sixty days beyond period of intended stay in the United States.

QUESTION 10. Head Tax. Head Tax is not collected from passengers possessing non-immigrant visas under Section 3 (2) who at the time of booking declare definitely that they will remain in the United States less than 60 days.

Such passengers will be interviewed by the United States Immigration Inspector at the port of arrival to confirm that Head Tax is not to be assessed (his decision being final) and when visitors who have not paid Head Tax are unable to satisfy the Inspector that they intend to depart from the United States within 60 days the Head Tax will be collected at port of arrival and cannot subsequently be refunded even though passengers may ultimately leave the United States before the expiry of the 60 day period.

QUESTIONS 14 & 15. Permanent residence. Actual or an intended residence of one year shall constitute permanent residence. The last country in which passenger resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded United States.

The answer to question 15 shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

UNITED STATES LITERACY TEST.

EXTRACT FROM THE ACT OF FEBRUARY 5, 1917

SEC. 1. . . . That the term "seaman" as used in this act shall include every person signed on the ship's articles and employed in any capacity on board any vessel arriving in the United States from any foreign port or place.

SEC. 10. (As amended by Sec. 27 of immigration act of 1924.) That it shall be the duty of every person, including owners, masters, officers, and agents of vessels of transportation lines, or international bridges or toll roads, other than railway lines which may enter into a contract as provided in section 23, bringing an alien to, or providing a means for an alien to come to, the United States, to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers. Any such person, owner, master, officer, or agent who fails to comply with the foregoing requirements shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine in each case of not less than \$200 nor more than \$1,000, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; or, if in the opinion of the Attorney General, it is impracticable or inconvenient to prosecute the person, owner, master, officer, or agent of any such vessel, such person, owner, master, officer, or agent shall be liable to a penalty of \$1,000, which shall be a lien upon the vessel whose owner, master, officer, or agent violates the provisions of this section, and such vessel shall be libeled therefor in the appropriate United States court.

(b) Proof that the alien failed to present himself at the time and place designated by the immigration officers shall be prima facie evidence that such alien has landed in the United States at a time or place other than as designated by the immigration officers.

Extract from Section 15

SEC. 15. That . . . immigration officials may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve vessels, the transportation lines, masters, agents, owners, or consignees of the vessel upon which said aliens are brought to any port of the United States from any of the obligations which, in case such aliens remain on board, would under the provisions of this act bind the said vessels, transportation lines, masters, agents, owners, or consignees. Whenever a temporary removal of aliens is made the vessels or transportation lines which brought them and the masters, owners, agents, and consignees of the vessel upon which they arrive shall pay all expenses of such removal and all expenses arising during subsequent detention, pending decision on the aliens' eligibility to enter the United States and until they are either allowed to land or returned to the care of the line or to the vessel which brought them, such expenses to include those of maintenance, medical treatment in hospital or elsewhere, burial in the event of death, and transfer to the vessel in the event of deportation, excepting only where they arise under the terms of any of the provisions of section eighteen hereof. Any refusal or failure to comply with the provisions hereof shall be punished in the manner specified in section eighteen of this act.

EXTRACT FROM THE ACT OF DECEMBER 26, 1920

An Act to provide for the treatment in hospital of diseased alien seamen.

SEC. 1. . . . That alien seamen found on arrival in ports of the United States to be afflicted with any of the disabilities or diseases mentioned in section 35 of the act of February 5, 1917, . . . shall be placed in a hospital designated by the immigration official in charge at the port of arrival and treated, at all expenses connected therewith, including burial in the event of death, to be borne by the owner, agent, consignee, or master of the vessel, and not to be deducted from the seamen's wages, and no such vessel shall be granted clearance until such expenses are paid or their payment appropriately guaranteed and the collector of customs so notified by the immigration official in charge. Provided, That alien seamen suspected of being afflicted with any such disability or disease may be removed from the vessel on which they arrive to an immigration station or other appropriate place for such observation as will enable the examining surgeons definitely to determine whether or not they are so afflicted, all expenses connected therewith to be borne in the manner hereinbefore prescribed.

EXTRACT FROM THE ACT OF MAY 24, 1924

SEC. 3. When used in this act the term "immigrant" means any alien departing from any place outside the United States destined for the United States, except . . . (b) a bona fide alien seaman serving as such on a vessel arriving at a port of the United States and seeking to enter temporarily the United States solely in the pursuit of his calling as a seaman.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

† When delivery to the immigration station is directed, the aliens must be detained on board of the ship on which they arrived pending delivery to the immigration station. Such transfer must be made by the most direct and expeditious route with the least possible contact with the public, and at the expense and responsibility of the steamship company. Aliens who have been held for further medical examination in the belief that they are suffering from communicable diseases must be completely isolated from other passengers and from the public.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF LABOR

IMMIGRATION AND NATURALIZATION SERVICE
WASHINGTON

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

JAMES L. HOUGHTELING,
Commissioner of Immigration and Naturalization.

APPROVED:

FRANCES PERKINS,
Secretary of Labor.

TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 del febbraio, 1917, viene con questo mezzo decretato che, all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani dell' ufficiale-in-capo d'Immigrazione e Naturalizzazione (Commissioner of Immigration and Naturalization), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino; portare la lettera o il numero del foglio del manifesto sul quale è iscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato", "guarito", "moribondo", "morto."

Sotto la rubrica "Remarks", il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio", "accompagnato da famiglia", "sbarcato a quarantena", "sbarcato a quarantena con famiglia", "nell' ospedale a bordo", o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

Gli ufficiali-in-capo d'Immigrazione e Naturalizzazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

REPORT

ON

Diseases, Injuries, Births, and Deaths during
the voyage.

Diagnosen sowohl als andere in diesem Berichte niedergelegte Beobachtungen muessen leserlich geschrieben, aber nicht notwendiger Weise in der englischen Sprache abgefasst sein, besonders wenn der Arzt in einer anderen Sprache sich gewandter und deutlicher ausdruecken kann.

Der Schiffsarzt muss ferner unter Eid erklaren, dass der Bericht nach seinem besten Wissen und Gewissen eine wahrheitsgetreue, vollstaendige Darstellung giebt ueber alle Krankheiten, Unfaelle, Geburten, und Todesfaelle, welche waehrend der Reise zu verzeichnen waren.

Die leitenden Einwanderungs-und-Einbuengerungsbeamten in den verschiedenen Hafenplaetzen der Vereinigten Staaten haben volle Gewalt, das Landen der Passagiere zu verhindern bis der Schiffsarzt, oder an seiner Stelle der Schiffskapitaen, einen medizinischen Bericht abgeliefert hat, der den oben genannten Bestimmungen entspricht.

TRADUCTION DES INSTRUCTIONS

Aux commandants de navires, aux meédecins du bord et à qui de droit:

Conformément à la section 13 de l'Acte du Congrès des États-Unis, du 5 février 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des États-Unis, le médecin du bord devra remettre, en personne, au préposé en chef d'Immigration et de Naturalization des États-Unis, ou à son représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hystérie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway); de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que: "amélioré", "rétabli", "mourant", "mort").

Sous le titre, "Remarks", le médecin du bord fera des observations, telles que: "en état de voyager", "accompagné de famille", "débarqué à la quarantaine", "débarqué à la quarantaine avec famille", "à l'hôpital (l'infirmière) du bord", ou autres remarques qui peuvent être d'utilité aux officiers d'Immigration et de Naturalization des États-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les préposés en chef d'Immigration et de Naturalization aux divers ports des États-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

H. T. Edman

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

John A. Hower

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Paul W. Lindsey
Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT

ON

Diseases, Injuries, Births, and Deaths during
the voyage.

Diagnosen sowohl als andere in diesem Berichte niedergelegte Beobachtungen muessen leserlich geschrieben, aber nicht notwendiger Weise in der englischen Sprache abgefasst sein, besonders wenn der Arzt in einer anderen Sprache sich gewandter und deutlicher ausdruecken kann.

Der Schiffsarzt muss ferner unter Eid erklaren, dass der Bericht nach seinem besten Wissen und Gewissen eine wahrheitsgetreue, vollstaendige Darstellung giebt ueber alle Krankheiten, Unfaelle, Geburten, und Todesfaelle, welche waehrend der Reise zu verzeichnen waren.

Die leitenden Einwanderungs-und-Einbuengerungsbeamten in den verschiedenen Hafenplaetzen der Vereinigten Staaten haben volle Gewalt, das Landen der Passagiere zu verhindern bis der Schiffsarzt, oder an seiner Stelle der Schiffskapitaen, einen medizinischen Bericht abgeliefert hat, der den oben genannten Bestimmungen entspricht.

TRADUCTION DES INSTRUCTIONS

Aux commandants de navires, aux médecins du bord et à qui de droit:

Conformément à la section 13 de l'Acte du Congrès des États-Unis, du 5 février 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des États-Unis, le médecin du bord devra remettre, en personne, au préposé en chef d'Immigration et de Naturalization des États-Unis, ou à son représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hystérie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway); de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que: "amélioré", "rétabli", "mourant", "mort").

Sous le titre, "Remarks", le médecin du bord fera des observations, telles que: "en état de voyager", "accompagné de famille", "débarqué à la quarantaine", "débarqué à la quarantaine avec famille", "à l'hôpital (l'infirmière) du bord", ou autres remarques qui peuvent être d'utilité aux officiers d'Immigration et de Naturalization des États-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les préposés en chef d'Immigration et de Naturalization aux divers ports des États-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF LABOR

IMMIGRATION AND NATURALIZATION SERVICE
WASHINGTON

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

JAMES L. HOUGHTELING,
Commissioner of Immigration and Naturalization.

APPROVED:

FRANCES PERKINS,
Secretary of Labor.

TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 del febbraio, 1917, viene con questo mezzo decretato che, all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani dell' ufficiale-in-capo d'Immigrazione e Naturalizzazione (Commissioner of Immigration and Naturalization), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino; portare la lettera o il numero del foglio del manifesto sul quale è inserito il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato", "guarito", "moribondo", "morto."

Sotto la rubrica "Remarks", il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio", "accompagnato da famiglia", "sbarcato a quarantina", "sbarcato a quarantina con famiglia", "nell' ospedale a bordo", o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in inglese, se il medico di bordo conosce meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

Gli ufficiali-in-capo d'Immigrazione e Naturalizzazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

F. J. Hawes
Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

EXTRACT FROM THE ACT OF FEBRUARY 5, 1917

SEC. 1. * * * That the term "seaman" as used in this act shall include every person signed on the ship's articles and employed in any capacity on board any vessel arriving in the United States from any foreign port or place.

SEC. 10. (As amended by Sec. 27 of Immigration act of 1924.) That it shall be the duty of every person, including owners, masters, officers, and agents of vessels of transportation lines, or international bridges or toll roads, other than railway lines which may enter into a contract as provided in section 23, bringing an alien to, or providing a means for an alien to come to, the United States, to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers. Any such person, owner, master, officer, or agent who fails to comply with the foregoing requirements shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine in each case of not less than \$200 nor more than \$1,000, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; or, if in the opinion of the Attorney General, it is impracticable or inconvenient to prosecute the person, owner, master, officer, or agent of any such vessel, such person, owner, master, officer, or agent shall be liable to a penalty of \$1,000, which shall be a lien upon the vessel whose owner, master, officer, or agent violates the provisions of this section, and such vessel shall be labeled therefor in the appropriate United States court.

(b) Proof that the alien failed to present himself at the time and place designated by the immigration officers shall be prima facie evidence that such alien has landed in the United States at a time or place other than as designated by the immigration officers.

Extract from Section 15

SEC. 15. That * * * immigration officials may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve vessels, the transportation lines, masters, agents, owners, or consignees of the vessel upon which said aliens are brought to any port of the United States from any of the obligations which, in case such aliens remain on board, would under the provisions of this act bind the said vessels, transportation lines, masters, agents, owners, or consignees: * * * Whenever a temporary removal of aliens is made the vessels or transportation lines which brought them and the masters, owners, agents, and consignees of the vessel upon which they arrive shall pay all expenses of such removal and all expenses arising during subsequent detention, pending decision on the aliens' eligibility to enter the United States and until they are either allowed to land or returned to the care of the line or to the vessel which brought them, such expenses to include those of maintenance, medical treatment in hospital or elsewhere, burial in the event of death, and transfer to the vessel in the event of deportation, excepting only where they arise under the terms of any of the provisions of section eighteen hereof. Any refusal or failure to comply with the provisions hereof shall be punished in the manner specified in section eighteen of this act.

EXTRACT FROM THE ACT OF DECEMBER 26, 1920

An Act to provide for the treatment in hospital of diseased alien seamen.

* * * That alien seamen found on arrival in ports of the United States to be afflicted with any of the disabilities or diseases mentioned in section 35 of the act of February 5, 1917, * * * shall be placed in a hospital designated by the immigration official in charge at the port of arrival and treated, all expenses connected therewith, including burial in the event of death, to be borne by the owner, agent, consignee, or master of the vessel, and not to be deducted from the seamen's wages, and no such vessel shall be granted clearance until such expenses are paid or their payment appropriately guaranteed and the collector of customs so notified by the immigration official in charge: *Provided*, That alien seamen suspected of being afflicted with any such disability or disease may be removed from the vessel on which they arrive to an immigration station or other appropriate place for such observation as will enable the examining surgeons definitely to determine whether or not they are so afflicted, all expenses connected therewith to be borne in the manner hereinbefore prescribed. * * *

EXTRACT FROM THE ACT OF MAY 26, 1924

SEC. 3. When used in this act the term "immigrant" means any alien departing from any place outside the United States destined for the United States, except * * * (5) a bona fide alien seaman serving as such on a vessel arriving at a port of the United States and seeking to enter temporarily the United States solely in the pursuit of his calling as a seaman. * * *

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General. * * *

† When delivery to the immigration station is delayed, the alien must be detained on board of the ship on which they arrived pending delivery to the immigration station. Such transfer must be made by the most direct and expeditious route, with the least possible contact with the public, and at the expense and responsibility of the steamship company. Aliens who have been held for further medical examination in the belief that they are suffering from communicable diseases must be completely isolated from other passengers and from the public.

TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

Wm. J. [Signature] Mrs. Chas. A. Res
Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF LABOR

IMMIGRATION AND NATURALIZATION SERVICE

WASHINGTON

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

JAMES L. HOUGHTELING,
Commissioner of Immigration and Naturalization.

APPROVED:

FRANCES PERKINS,
Secretary of Labor.

TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 del febbraio, 1917, viene con questo mezzo decretato che, all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani dell' ufficiale-in-capo d'Immigrazione e Naturalizzazione (Commissioner of Immigration and Naturalization), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino; portare la lettera o il numero del foglio del manifesto sul quale è iscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato", "guarito", "moribondo", "morto."

Sotto la rubrica "Remarks", il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio", "accompagnato da famiglia", "sbarcato a quarantena", "sbarcato a quarantena con famiglia", "nell' ospedale a bordo", o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

Gli ufficiali-in-capo d'Immigrazione e Naturalizzazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

REPORT

ON

Diseases, Injuries, Births, and Deaths during
the voyage.

Diagnosen sowohl als andere in diesem Berichte niedergelegte Beobachtungen muessen leserlich geschrieben, aber nicht notwendiger Weise in der englischen Sprache abgefasst sein, besonders wenn der Arzt in einer anderen Sprache sich gewandter und deutlicher ausdruecken kann.

Der Schiffsarzt muss ferner unter Eid erklaren, dass der Bericht nach seinem besten Wissen und Gewissen eine wahrheitsgetreue, vollstaendige Darstellung giebt ueber alle Krankheiten, Unfaelle, Geburten, und Todesfaelle, welche waehrend der Reise zu verzeichnen waren.

Die leitenden Einwanderungs-und-Einbuengerungsbeamten in den verschiedenen Hafenplaetzen der Vereinigten Staaten haben volle Gewalt, das Landen der Passagiere zu verhindern bis der Schiffsarzt, oder an seiner Stelle der Schiffskapitaen, einen medizinischen Bericht abgeliefert hat, der den oben genannten Bestimmungen entspricht.

TRADUCTION DES INSTRUCTIONS

Aux commandants de navires, aux médecins du bord et à qui de droit:

Conformément à la section 13 de l'Acte du Congrès des États-Unis, du 5 février 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des États-Unis, le médecin du bord devra remettre, en personne, au préposé en chef d'Immigration et de Naturalization des États-Unis, ou à son représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hystérie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway); de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que: "amélioré", "rétabli", "mourant", "mort").

Sous le titre, "Remarks", le médecin du bord fera des observations, telles que: "en état de voyager", "accompagné de famille", "débarqué à la quarantaine", "débarqué à la quarantaine avec famille", "à l'hôpital (l'infirmérie) du bord", ou autres remarques qui peuvent être d'utilité aux officiers d'Immigration et de Naturalization des États-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les préposés en chef d'Immigration et de Naturalization aux divers ports des États-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

Ship's Surgeon.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.
